

STEP IN. STAND OUT.

We're excited to offer this innovative and affordable bamboo floor to the trade show industry!

This Eco-friendly floor is made from recycled/renewable products, lightweight, easy to install and provides a high end look that will really stand out on the show floor!

This beautiful rollable flooring comes in 6 great colors.

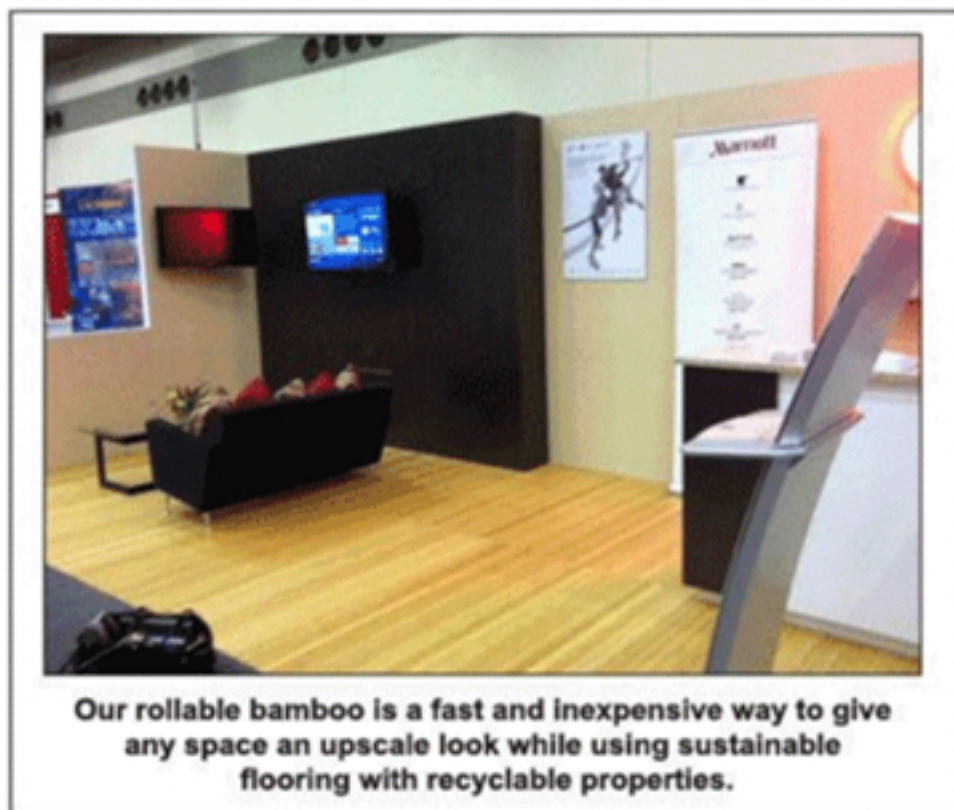

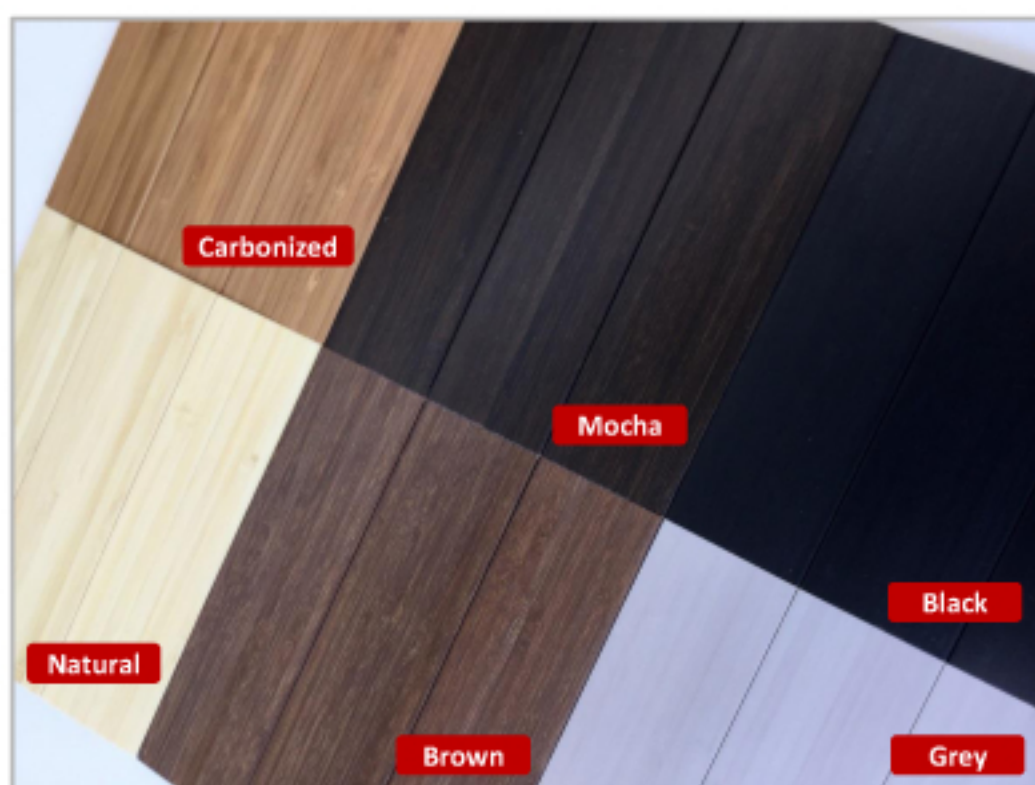

Each roll is approximately 5' wide (59") x approximately 10' long (118") x 3/8" high, and the wooden slats running the full 5' roll width.

The bamboo slats are 2" wide x 3/16" thick.

The cushioned underlayment is made of felt and has rubber dots to hold the floor in place.

Each roll:

- ✓ Includes a cardboard tube with end caps
- ✓ Weighs 40 pounds [A 10' (9.83') x 10' (9.83') section weighs 80 lbs]
- ✓ Can be shipped via UPS or FedEx

Our rollable bamboo is a fast and inexpensive way to give any space an upscale look while using sustainable flooring with recyclable properties.
