

CARPET BAGS

Carpet ordered from The Inside Track is always wrapped in heavy plastic at our mill to keep it clean while it's being shipped to its destination. To help keep your carpet clean after the show, we suggest using our carpet bags while it's being shipped and stored until your next show. It's also a great idea to keep the cardboard tubes that the carpet is wrapped around, reusing these will help the carpet keep its shape.

- Durable, stain and water-resistant fabric
- Strong zipper and rugged handles
- Stock colors: Red, Blue
- Other colors available: Black, Purple & Fluorescent Orange. (same low price with additional lead time)
